## SUMMARY

I'm a 21-year-old software developer with a passion for programming. Recently graduated from TrueCoders as a full-stack developer, I am motivated to contribute my skills in ASP.NET framework, C#, HTML5, CSS3, JavaScript, and MySQL to software projects. During high school, I explored robotics and avionics, which ignited my profound interest in programming. A quick learner committed to staying updated on the latest technologies, I'm eager to embark on a rewarding career in software engineering and make meaningful contributions to innovative projects.

## SKILLS

- C#
- SQL
- HTML
- CSS
- JavaScript
- .NET Core Framework
- Git

## EXPERIENCE

- **SupercarPulse,** — *ASP.NET MVC*
  SupercarPulse displays a tailored collection of high-end vehicles, employing ASP.NET MVC with Dapper and a MySQL database for seamless CRUD operations.

- **Taco Parser,** — *.Net Core*

  Project focuses on integrating logging, CSV parsing, and geolocation functionalities, utilizing the Geolocator NuGet package.

- **Personal Portfolio,** — *.Net Core Web App*

  Personal showcase website of my projects, coding abilities, about me, and contact information using HTML and CSS.

## EDUCATION

**TrueCoders,** — *Full Stack Software Engineering*

October 2022 - February 2024

**TCHS Pickering,** Pheonixville, PA 19460 — *Robotics and Avionics*

August 2019 - June 2021

High School Graduate

**Owen J. Roberts High School,** Pottstown, PA 19465

August 2017 - June 2021

High School Graduate
